

PARTY WITH MESTIZO

By Jim Urdiales

Last month, we reminded you to book your holiday party, and now with that out of the way, you're free to focus on all of the other events worth celebrating! From company get-togethers to birthdays to the big game, we can handle it all.

With large TVs and seating for fifty people, the brand new private party room we unveiled earlier this year is perfect for any and all shindigs. You and your guests will be able to take your pick from our speciality menu, which will feature classics, new wave dishes, and healthy options.

WHILE YOU'RE HERE, WE'LL CATER TO YOUR EVERY NEED.

While you're here, we'll cater to your every need. You'll have access to a private bar and bartender serving up wine, beer and of course, margaritas! As we all know, it's not a party without Mestizo's margaritas.

But, we're also able to bring the party to you! Our top notch catering service allows you to mix and match menu options, while simultaneously keeping in mind your intended budget and number of guests.

Our comprehensive menu of both healthy and authentic dishes will allow you to cater to everyone's preference. And with us focusing on the food, you'll be able to perfect the invitations, party prep and decorations.

Whether you end up celebrating in our private party room, or in the comfort of your own home, we all know there ain't no party like a Mestizo's party. To reserve our room, or to book Mestizo's catering services, please visit <https://mestizorestaurant.com/catering/> or call (225) 387-2699.
